WORK EXPERIENCE

Software Developer Intern   June 2023 – July 2023
Weu Technologies | Noida

- Designed and developed a user-friendly interface for a project using HTML, CSS, and JavaScript. Improved the product's availability and fault tolerance through dynamic horizontal scaling on AWS, ensuring uninterrupted service and enhancing user experience.
- Collaborated with the design team to implement responsive and visually appealing web components.
- Optimized the website for various devices and screen sizes, ensuring cross-browser compatibility.
- Participated in code reviews and debugging sessions, improving code quality and performance.

PROJECTS

Snapper Website   View in GitHub

- Designed and developed a responsive website for Snapper Energy Drink using HTML, CSS, JavaScript, and Bootstrap.
- Ensured optimal performance and user experience across various devices and browsers.
- Worked closely with the client to understand requirements, provide solutions, and deliver a polished final product within the agreed timeline.
- Implemented features such as navigation menus, contact forms, image sliders, etc., enhancing the website's functionality and usability.

Portfolio using ReactJs   View in GitHub

- Developed a dynamic and interactive personal portfolio website using ReactJS, showcasing my skills, projects, and experiences.
- Designed the user interface with a focus on clean, modern aesthetics and intuitive navigation.
- Implemented responsive design principles to ensure the website is fully functional across various devices and screen sizes.
- Utilized state management and React Hooks for enhanced functionality and user experience.

Zoom Clone   View in GitHub

- Developed a Zoom clone application using Flutter, replicating key features such as video conferencing, chat functionality, and user authentication.

- Implemented real-time communication features using Jitsi Meet and integrated backend services with Firebase for authentication and database management.
- Designed a responsive and intuitive user interface to ensure a seamless user experience across various devices.
